NOTICE

The Wayne County Recreation Department is requesting SEALED proposals for Pool services involving Cracker Williams ending in January of 2011. The company would be responsible for but not limited to the following:

Daily (may include weekends and/or holidays as needed) maintenance including but not limited to:

- Checking chlorine levels, Ph values as well as pump pressure and water clarity
- Complete daily water analysis that will provide us with a permanent record of pool conditions
- Check water level and manually add water as needed (to keep up with water usage)
- Backwash filters as indicated by pressures and flows
- Remove debris from skimmers, gutters, pump baskets, bottom of pools, and main-drain gates
- Check for algae growth and brush pool walls and floors as needed
- Check and fill chlorine filters as needed
- Check and adjust chlorine controllers as needed
- Super chlorinate the pools when dictated by analysis (this is usually done after hours after the pool usage has ended for the day)
- Visually check pool and equipment daily and identify present or possible problems
- Correct small issues and notify Recreation Dept of larger issues
- Assist recreation employees with any problems they may encounter with the pool (vacuuming, etc.)

All interested bidders must include the following with proposal:

- Proposed fee schedule (including maintenance and supply costs)
- Experience with commercial pools
- Business license (copy or number)
- CPO/AFO certification (copy or number)

Other information:

- Cracker Williams pools holds approximately 215,000 gallons of water
- The Recreation Department would be responsible for vacuuming the pool
- Maintenance would be scheduled around our very busy pool schedule
- References may be requested after bid opening
